We understand that Mr. Jeffries is now an earnest advocate of a "safe and sane Fourth."

For President, Judson A. Harmon. How does that sound to the Bryan Democrats of Ohio?

We wonder if the Jeffries-Johnson fight pictures would have been barred from so many cities if the result had been different.

Gov. Harmon made his first race on an anti-graft platform but the people now know that what he was really opposed to was anti-graft.

Senator Carter says that Roosevelt is a "soothing influence." This shows how little belief should be attached to reports that come from Wall Street.

We would bet that there is one thing about the recent fight at Reno, Nev., which brings no vain regrets to James J. Jeffries and that is that he sold his interest in the moving pictures for \$66,666.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
